Hansen, for Whom Warrant Has Been Issued, Disappears As Vessel Reaches Port; Men Ask for U.S. Investigation

SAN FRANCISCO, Nov. 3.-Bringing tales of crueltles, brutal treatment and wanton murder, which they allege were suffered aboard the "hell" ship Henry K. Hall, between Durban, South Africa, and this port during a 118-day voyage, six members of the schooner's crew, which arrived in port today, filed formal complaint against First Officer Fred Hansen with the federal officers. A warrant charging murder on the high seas was issued by Federal Judge Maurice T. Dooling and turned over to a

Cuts Alimony and Criticises Law Judge Kind to Hubby

With Second Wife

Men and women with families should have more difficulties in procuring divorces than the laws of the present call for, in the opinion of Superlor Judge Will-lam H. Donahue. He made this statement today when E. C. Bolles, prominent Berkeley architect, requested that his alimony payments to Ida S. Bolles be reduced from \$100 to \$75 a month. His request was granted. The court said: One hundred dollars is a large

amount to pay, and I will reduce the amount to \$75 inasmuch as ou are in arrears. The big trouble in divorce matters, to my mind, is that men and women with families can procure di-vorces so easily. This should be remedied. So long as there is so little difficulty for men and women with families to get deerees, the greatest evil the courts will have to deal with will be such as this one—a case where the father is having difficulty in supporting the children who have neen given into the custody of the

Sorority House POSTER ROW

St. Francis Hotel Battle Between Wilson Women and G. O. P. Group Caused by a Saucily Painted Placard

SAN FRANCISCO, Nov. 3.—"He

id!" -"He did not!" "You're impossible!"

"Rats!" "It's unclubby!"
"How disgusting!"

This verbal shrapnel hurled from behind potted palms, picture hats and over tea cups in the lobby of the opening engagement of the "War of the Poster."

It all occurred over Wilson, mean Woodrow, of course! The All Parties' League, led by Mrs. Louise Herrick Wall, is for Wilson. The Women's party, under command of Mrs. Orlow Black, is decidedly not. Both are entrenched in the hotel, where executive committees with rapid fire speakers are hard at work. Then somebody put up a poster. It

Why elect a President who opposes votes for women and begs votes of women?

The' All Parties', League, with burst of acumen, decided it was the work of their opponents and put up heir own poster. This one read: President Wilson is the only President who ever voted for

It was at this point that things began to happen. Everybody saw the posters. Everybody was immediately "again" everybody else. Women who formerly linked arms in the lobby and swapped family affairs now glare balefully at each other and look the other way. The "cut supreme" has become a nutured institution, while ties of friendship are being strained until they creak

until they creak.

The worst of it is, that the situation bids fair to continue until the night of election, for neither side will pull down the posters. By that time the hotel management expects to be able to freeze eggs in the glace at-mosphere which is slowly creeping into the Arctic zone of the political

RATE CASE ATTY, TELLS OF DECISION

Fitzgerald Advises Council of Ruling Against City by

Presenting a report on the present status of the water rates cases pending between the Contra Costa Water Company and the City of Oakland, Attorney Robert M. Fitzgerald requested the city council this morning to name a successor to the late Willto name a successor to the late William R. Davis among the counsel for the municipality. The request was referred to City Attorney Paul C. Morf for consideration. In his report, Fitzgerald gave the following

resume of the cases:
We beg leave to submit to you the following as to the status of the water rate cases now pending before the United States federal

There are three of these suits, il brought by the Contra Costa Water Company against the City of Oakland concerning respectively the water rates for the years 1904-5, 1905-6 and 1906-7. The suits for the years 1904-5 and 1905-6 have been completely tried, the trial lasting 231 actual trial days, with an additional eighteen days for final argument. These cases were submitted to These cases were submitted to the master of chancery for his report and decision on January 28, 1915. The master filed his report on October 13, 1916. In his report the master finds that any return less than 7 per cent upon the value of he Contra Costa upon the value of he Contra Costa Water Company's property used and useful in serving water to Oakland in the years 1904-5 and 1905-6 was unreasonable, confiscatory and void. He further declares that the rates fixed for the year 1904-5 would have yielded 4.97 per cent-in 1904-5 on the value of the property as established by the master, and would have yielded 6.03 per cent upon such value in 1905-6. That both of these rates of return, both of these rates of return, less than 7 per cent, would have been below a fair and reasonable return, and are therefore void.

This report of the master in chancery is in direct conflict with the decision of the supreme court of the State of California in the Hart case, which considered the rates fixed by the city council for the year 1900-1, and which held that a net revenue of 4.682

per cent was not confiscatory.

This report of the master will be heard and considered very shortly by the judge of the United States District Court for the Northern District of California, on objections and exceptions that we have made to the report.

Street Law Protested by Prison Director

A protest aganist a section of the proposed new traffic ordinance forbid-ding pedestrians to cross the streets in the downtown section at other points than the intersection crossings was filed with the ctly council by Col. Charles Sonntag of the State Board of Prison Directors. Col. Sonntag had understood from the newspaper reports of the new measure, that this prohibition was to be general throughout the ctiy, and he designated it as frivolous and illegal. His protest was filed, after Com-missioner W. H. Edwards had made the comment that Col. Sonntag would probably not have written the letter, if he had understool the ordinance.

And when Uncle Wiggily id so he found inside the white paper a nice gold watch, with a white face and black hands. But it wasn't because the hands were dirly that they were black. No, indeed! They were just made that way on purpose.

"My goodness me, sakes allve, and some cinnamon chocolate creams!" cried Uncle Wiggily. "This is a big surprise! What's it all about?" "It's your birthday," said Nurse Jane, "and I gave you the watch so you would know what time to come home to dinner when you go out after adventures."

dinner when you go out after auventures."

"Very good!" exclaimed Uncle Wiggily. "This is just fine! Thank you!

I'll go off for an adventure right away.
And I'll take my new watch with me."

So, after breakfast, away started the bunny uncle, wondering what would happen to him. And he never even dreamed that such a thing would happen as did happen.

Uncle Wiggily walked on and on through the woods, and pretty soon he came to where a little cricket lady lived.

lh, dear!" cried the cricket lady, m in such trouble! My little cricket has gone away, and I'm sure that lost!" boy has gone away, and I'm sure that he's lost!"

"Hark!" sho cried. "I think I hear him calling now, Uncle Wigglly," and she motioned to the rabbit gentleman to be quiet while they both listened.

"I do hear him," said the cricket lady, "Don't you? He's going ticklety-tick-tick-tock! That's the way my little cricket boy goes."

"Oh, that is my new gold watch you

hear ticking in my pocket," said Uncle Wigglly. "Nurse Jane gave it to me—the watch, I mean; not the pocket, though she mends it when it has holes in—the pocket, I mean. But it is my hew gold watch ticking, not your little cricket boy, that you hear."

"Oh, I am so sorry!" cried the cricket lady

"Oh, I am so sorry: creed the lady.
"So am I," spoke Uncle Wiggily.
"But I'll help you find him," So he looked for the little, chirping chap and found him playing tag under a burdock plant with a little grasshopper boy. Uncle Wiggily took the cricket hoy home, and the grasshopper boy went home by himself, and when Uncle Wiggily reached the cricket lady's home she cried:

guy reached the cricket lady's home she cried:

"Oh, I am so glad you brought my little chirping fellow home. Some day I'll do you a favor!"

"Pray do not trouble yourself," said Uncle Wigglly, kindly. "It was just a mers trifie on my part." Then he went on through the woods and everyone he met he would ask them if they did not want to know what time it was.

"For I can tell you by my new birthday gold watch," said the bunny, and he did, as proud as a peacock, but not too proud, for that would not be right. Then, after a while, Uncle Wigglly fell asleep on some soft moss in the woods, and when he awakened he said: "Holiyi Toityi It must be very late. I will look at my watch and see if it

isn't time to go home to Nurse Jane's supper." So he looked for his new gold watch to tell the time, but it was gone. "It must have fallen out of my pocket," he said and he looked all over near the place where he had slept. But no watch could he find, and he felt very unhappy. "How sorry Nurse Jane will be when she knows taht I have lost my watch!" the bunny said.

Just then he heard a sound like: "Tick-tick! Tock-tick! Tick-tock!" "Ah! There is my lost watch!" exclaimed the rabbit gentleman. "It must be in the grass." He looked down, but he only saw the black cricket lady. "Oh, I thought you were my watch ticking." Uncle Wiggliy said.

"Just as I thought your watch ticking was my little lost cricket boy," she answered. "But I think I can tell you where your watch it."

"Where?" asked Uncle Wiggliy, eagerly.

"Not long ago, as I was jumping

"Where?" asked Uncle Wiggliy, cagerly.
"Not long ago, as I was jumping through the grass, I saw a big black crow bird boy fly down near where you were sleeping." said the cricket lady. "And he flew away with something shining and golden in his bill. I don't know who he was; but—"

"I do!" cried Uncle Wiggliy. "That was Jimmle Caw-Caw, the crow boy. He likes to take bright things and hide them in his nest. He must have flown

Car Shortage Crisis

Past, Is Declared

SACRAMENTO, Nov. 3 .- That the peak of the car shortage in the West has been passed and that conditions will begin to improve within the next two weeks, is the opinion of T. Society of Nations Guided Only by Law, Urged As the Only Guarantee Against Fighting in Future Years to Come

'Rights of Man" Congress Hears Plans for Organization Under International Rules to Put An End to Terrible Strife

PARIS, Nov. 3,-A lasting international peace can be made possible only by the foundation of a society of nations whose guiding principle shall be the settlement of differences by law and not by force, declares a resolution adopted by the Congress of the League of the Rights of Man, in session here. The resolution, framed and approved

after long discussion, rained and approve after long discussion, says:
"This society shall be based upon the recommendation of the rights of nations great and small to independence, upon the institution of compulsory arbitration applicable to all international conflicts without exception and reserve, and upon the or-ganization of international forces capable of repressing by appropriate penalties all attempts at revolt or

To insure lasting peace in the future the treaty must not contain germs of war or revenge. It shall consecrate the right of peoples, to dispose of their own destinies and shall not provide for the dismember-ment of states or annexations of territory against the will of the population. On the contrary, it shall annul annexations imposed by force,

such as that of Alsace-Lorraine.
"It shall create an economic regime under which certain temporary meas-ures applied as penalties shall guar antee to each people exercise of its legitimate activities, without permitting the existence of any aggressive organization for economic con-

"Justice requires that the future peace treaty shall provide penalties against the responsible authors of war and punishments to those who wage war in defiance of the law of nations; that states who are aggressors shall make reparation proportionate to the enormous damage done; and finally a system of guaran-tees which without infringing the principles enunciated above and notably without having recourse to forcible annexation shall safeguard the world against further aggression."

WOULD ARBITRATE.

Finally the Congress, taking note of declarations made by entente states-

men, expresses hope that to give the world an earnest of their designs the allied governments will decide to sub-mit all their eventual conflicts to arbitration and form a federation among themselves as the first outline of a future society of nations, welcoming the adhesion thereto of all states, small and great, who remained outside the struggle who shall bind themselves to observe the conditions of the pact and guarantee the rights of each by the forces of all.

was interested in the A. B. C. Company."

"For a very good reason. I did not know it inyself. His connection was simular to that which Henderson expects to have. He had some reason for hiding the fact that he was in control of the concern, and he did it very well. Even the officers of the company did not know that he was a stockholder.

"Did he control the company?"

"I understand now that he did. He had a large part of his fortune invested in it."

million or so. Of courser he will have something left, even of his investment in the A. B. C. Company, but he is a heavy lover."

"That is business," I replied with a tinge of bitterness, "He could not have expected anything else."

"Business!" exclaimed Arthur. "Why, of course it is. And furthermore, that is the way Gordon made everything he has. He took it away from others through the stock market. He deserves to lose everything."

"I cannot indorse that statement, for I do not know whith his deserts are," I replied, "but it does seem hard that a man should lose a million or so, as you estimate, merely because another man covets his property."

"It is the old story of taking the sword and dying by the sword. Gordon no doubt got the A. B. C. Company in the same way that Henderson got it. He has no right to cry over spill milk."

"And I do not believe he will be caught crying very much," I replied. "He is not that kind of a man."

"I confess I do not know much about him," said Arthur sourly. "Perhaps he still has enough money left to enable him to strut about in that self-satisfied way of his. Maybe he has not. In any event I shall not worry about it."

I did not pursue the subject, but Mr. Gordon was uppermost in my mind as I reviewed what Arthur had told me. I could not but feel for him. He had lost a large sum of money—a great fortune—and to a certain extent my husband had been a party to the transaction, although whom the loss was incurred. I thought again of the stories I had heard of losers on the stock market; of the desperate things some of them did, but I could not picture Mr. Gordon in any such role.

My reflections were interrupted by the ringing of the telephone bell. It was

things some of them did, but I could not pleture Mr. Gordon in any such role. My reflections were interrupted by the ringing of the telephone bell. It was Mariam, breathless with engerness and happiness.

"I cannot wait for you to come over to see it," she said almost incoherently. "It's the most beautiful thing you ever saw! I am going to show it to you, and then you and I and Uncle John will spend the great of the eventure together."

then you and I and Uncle John will spend the rest of the evening together;"

Q Q Q

"But what is it?" I inquired. "What am I to have the great privilege of seeling?" My new necklace. Uncle John brought t to me this afternoon. It is the most seautiful thing you ever looked at, Rox-

I have."
"And the only one," laughed Mariam.
"I will forgive you that statement because you deserve to be forgiven anything."

I looked at Mr. Gordon again. Was it possible that this man had passed through a financial struggle within the last few hours? It was unbelievable. Happiness shone from his face and eyes, his gracious manner was unmarred by the least trace of nervousness. He was as composed as if nothing in his whole life had ever occurred to ruffle his spirit. As I looked at him I marveled at the self-control which he must possess. I had had occasion several times to learn that he was his own master, but none of those occasions impressed me as this one did. Then my face flushed as a thought flashed through my mind.

Did he know that Arthur was to be the A. B. C. Company's president? Could he imagine for a moment that I had betrayed his confidence and told Arthur of his connection with the A. B. C. Company's president? Could he imagine for a moment that I had betrayed his confidence and told Arthur of his connection with the A. B. C. Company's president? Could he imagine for a moment that I had betrayed his confidence and told Arthur of his connection with the A. B. C. Company's president? Could not read what lay beyond those smiling eyes.

Great Comet Is Due in May, Declared

GRIFFIN, Ga., Nov. 3.—Prof. A. L. Snider, the famous Georgia weather prophet, reports that another astronomical professor—Wolf by name— has dis-covered a comet four hundred million miles away, and it is new approaching the miles away, and it is now approaching the earth, and when it does come it will be a glant on wheels, the Georgian tells us. Look out for it in May or June. This coinct is known as the great Wolf coinct. Therefore, look out, chickens. The astronomers are taking much interest in the great comet, and when it does come it will be a billiant one; was in fact it. it will be a brilliant one; yes, in fact, it will probably be so large and bright that people will stand and look at it and won-

a flaming sword in one hand and an ax in the other one. The ax looked like it had blood on it, and some people became so scared that they died from fright.

WIRELESS WARNS: GIRL STEADFAST

Is Word: Bride-to-Be Makes Trip.

Steamship Company made gallant efforts yesterday in behalf of Miss Adelina Loomis, a would-be bride bound for

Loomis, a would-be bride bound for Alaska to wed Louis Hentz, the ceremony to be performed at Seward.

Miss Loomis departed as a passenger on the steamer Alameda. Twenty minutes after the vessel had sailed a cable message came to Superintendent Piersor, instructing him to inform the prospective but the they was a disappeared just woman had better not make the trip

north.
The company's steamship Dolphin was dispatched in pursuit of the Alameda. The Dolphin's master brought his wireless into play. The warning message was delivered. Miss Loomis, however, declined to come back, stating that she would complete the voyage and take chances on locating the prospective husband and finding him still in the mood to make good,

And it was beautiful. She had it on when I met her in the parlor a few minutes later, and it flashed back a thousand lights from the globes in the chandellers. Mr. Gordon, who undoubtedly thought Mariam's eyes were brighter and more beautiful than the diamonds, stood smiling beside her, colm, strong and self-confident as ever.

"And it was such a surprise." Mariam exclaimed. "I haven't had a birthday in ever so long, and I am sure I have done nothing to deserve anything like this. He just brought it to me because he is the best man in the world, didn't you, Uucle John?"

"I shall not be trapped into indorsing such a sentiment," Mr. Gordon smiled. "I have told you why I brought it—because you are the finest little niece I have."

Report That the City Has Been Taken by Villa Is Reiterated. But Refugees From Chihuahua City Say Not Confirmed

Revolutionist and the De Facto Troops Have Skirmish Near Laguna, but Result Is Not Known in Juarez at Present

EL PASO, Texas, Nov. 3,—Much anxiety is felt here for the safety of nine Americans at Parral. Further reports of the capture of that important Mexican town by Villista bandits on October 31 were brought here from Chihuahua City last night on the first train to arrive in Juarez since Villistas out the rallway line forth of the Chihuahua capital.

Several Mexican refugees declared the report was current in the capital that Villa has taken Parral Con-

that Villa has taken Parral. Con-firmation, however, has not been obtained from any source and in of-ficial quarters doubt is expressed. Skirmishing was in progress last night between Villsta and de facto from the tween vilista and de facto troops near Laguna as the train passed there. Refugees at Juarez stated they plainly heard heavy firing while waiting for bridge repairs on the railway. All who came on the train were panic-stricken and said

to be in Parral. This concern was increased last night by the news from Chihuahua City that the bandits who held up the Mexican Central passenger train Monday evening at Laguna station assaulted Dr. Stephen Haffner, a German subject, because they thought he was an American. This, thought he was an American. This, they say, is an indication of what may happen to the nine Americans in the Parral mining district.

Mining men and ore freighters here

who are thoroughly familiar with the country in the vicinity of Parral say that Villa probably moved on Parral from Santa Rosalla, following the Conchas river to Pilar de Concha and stance of forty five wiles. distance of forty-five miles from Santa Rosalia, and then marched south forty-five miles against Parral, entering the town from the north, which is the most accessible way,

they say.

REPORT VERIFIED. These mining men declare that the report of Villa's capture of the town verifies the report that Villa and his command had been in possession of Santa Rosalia, as it was announced that he would move on Parral from

Santa Rosalia.

Villa is said to have a grudge against General Luis Herrera, the Carranza commander in Parral, and to have declared that when he captured Parral he intended to kill Her-rera with his own hands.

As far as known here there are only nine Americans employed at Parral and in the Parral district at the present time. These are T. C. Hawkins, A. W. Morris, Leslie Webb and Howard Gray, all of whom are employed by the Alvarado Mining and Milling Company; W. E. Palmer, Dr. J. Flannigan, W. E. Cowell, C. B. Smith and another American whose name is unknown. Four of these men are employed at other mines in the Parral district and Dr. Flannigan is a practicing physician in Parral, according to Americans who formerly lived there.

Carranza Consul Eduardo Soriano Bravo denied that Parral had been taken. He said General Luis Herrera had a garrison of 2000 men in Parral and said the garrison was well sup-plied with ammuntion, arms and ar-

Trinity Parish to Observe Memorial

On Sunday at 11 o'clock Trinity parish will hold its annual memorial service. On this occasion all who have died within the parish or who have been buried by the clergy of Trinity church or Holy Innocents' chapel during the past twelve menths will be commemorated before the altar. The names of the deceased will be read, the rector, the Rev. Clif-ton Macon, will preach an appropriate sermon and the choir, under the di-rection of Walter Handel Thorley, will lead in special music in harmony with the solemn occasion. Among those who will be commemorated will be the Rev. Samuel Mills, late vicar of the parochial chapel of the Holy Innocents, who died in September. On the remaining Sunday mornings of November the rector will deliver a series of special sermons suggested by the recent general convention of the Episcopal church held in St. Louis, which he attended.

How to Prevent Croup.

Various Forms Of Headache

"It is necessary in order to treat headaches properly to understand the causes
which produce the affection" says Dr. J. W.
Ray, of Blockton, Ala. Continuing, he says,
"Physicians cannot even begin the treatment of a disease without knowing what
causes give rise to it, and wo must remember that headache is to be treated according to the same rule. We must not only be
particular to give a remedy intended to
counteract the cause which produces the
headache, but we must also give a remedy
to relieve the pain until the cause of the
trouble has been removed. To answer this
purpose, anti-hamnia tablets will be found
a most convenient and satisfactory remedy.
One tablet every one to three hours gives
comfort and rest in the most severe cases
of headache, neuralgia and particularly the
headaches of women."

When we have a patient subject to regular
attacks of sick headache, we should caution
him to keep his bowels regular, for which
nothing is better than "Actoids," and when
he feels the least sign of an oncoming attack, he should take two A. K Tablets. Such
patients should always be instructed to
carry a few anti-kammia tablets, so as to
have them ready for instant use. These
tablets are prompt in action/and can be
depended or to produce relief in a very
few minutes. Ask for A. K Tablets.

Small Boys After Rats of Crockett

Taxpayers Seek Sanitary Clean-up

CROCKETT, Nov. 3.—Small boys of this place may be seen running loose today with rat-traps, huge bits of corner grocery cheese and determined expressions on their stern features. They are on the trail of every rat in the vicinity. Indeed, they will even go several miles out of town for rats.

of town for rats.

The small-boy activity is the result of a rat fund placed in a local bank here; the money to be used for payments to catchers of the bothersome rodents, for so long a nulsance in the town. Only the younger generation . Crockett are eligible for the manny. The elders may not receive any reward, even though their public spirit prompts them to bring in the corpses of once-lively rats.

The fund amounts to \$100, and has been offered by General Manager George F. Rolph of the California-Hawaiian Sugar Refinery. dead rodent will bring five cents to the lads of the town, and 2000 rats will probably be accounted for within a very short time by combined juvenile business men and executioners.

Today's condition of preparedness to meet the onslaught of rats was brought about by a meeting held at a local hall for the purpose of discussing Crockett sanitary conditions. Under the auspices of the Crockett Taxpayers Association, the hall was accorded. Among the speakers were Taxpayers Association, the hall was crowded. Among the speakers were District Attorney Thomas D. Johnston, who addressed the gathering on "Civic Obligations" and Deputy District Attorney A. S. Ormsby, speaking on "Sanitation Districts." The meeting was held under the general direction of Ray Standish.

EXPORT PORT IS

The First Ship to Carry Away Lumber to Australia Leaves Wharf.

Oakland went on the map today officially as an export port for lumber shippers, when the barkentine Charles F Crocker, recently purchased in Scattle by a coterio of local capitalists, left the municipal wharf with a cargo of one million feet of redwood lumber aboard for Australia.

The vessel recently reached port from Australia with a heavy cargo of hard woods aboard. During the trip home, she was purchased by the Oakland men, about twenty of whom organized for the purpose of placing the commercial flag in the lumber markets of the far east. The barkentine is the first of several steamers which will be purchased or

chartered for the trade. Most of today's correct came from Humboldt county.

The Charles F. Crocker was built in \$890 at the old Hay and Wright yards and is more than 200 feet in length. It was used in Scattle for many years, and is said to be one of the best lumber. is said to be one of the best lumber

18,000 Children Cannot Swim MINERS VOTE TO NEW CITY RECORD Water Classes Urged by Pfund RETURN TO WORK

boys and girls in the public schools of Oakland who cannot swim and are helpless to take care of themselves in water accidents, is the statement made today by G. H. Pfund, director of physical education of the public

schools, in a report made to the Board of Education Of the number enumerated, 15,300 of the number enumerated, 10,500 are students in the grammar schools, 660 in the intermediate schools and 2,000 in the high schools. Of this number, Pfund declares that more than 12,000 have expressed their desire to learn if opportunity is af-forded them by the city authorities. This situation was disclosed, az-cording to the report, after a canvass of thirty-five schools, during which the total curoliment was gone over and those who could swim checked off. The survey was made October 1. Of Interest In this connection is the fact that the schools with the greatest percentage of swimmers are lo-cated near to private swimming

Pfund, in the report, makes a plea for an increase in the facilities for teaching assimining to school students. He says:

ward Pigeon Club opened its first annual exhibition this morning at Occidental Hall in Castro street. The competition, which lasts three days, is well attended and bird fanciers from this city as well as surrounding places are taking a decided interest in the first hig pigeon show held under organized direction.

Judging of the pigeons was begun today by J. H. Crow, one of the able bird fanciers in the vicinity. He has been a breeder and fancier for over lifteen years, whining many trophies at other shows through his poultry. His work as a judge is also widely known. Tomorrow afternoon at 3:30 o'clock, a flying homer race will be held. Sunday evening, announcement of the prize and cup winners will be made at the hall.

During the third day of the exhibit, Nov. 5, dressed squabs will be on display, awaiting the judgment of Stephen Schwartz of the California Diamond Pigeon farm. Throughout the entre period of the exhibition Dr. G. M. Hubbell of Los Gatos will have on display model pigeon houses, and lofts, nest bowls, automatic feed hoppers, pigeon hands, an automatic watering system and shipping crutes.

The Hayward Pigeon Club, under the auspices of which the show is being given, has been organized only during the last four months. With 20 charter members during the days of its incipiency, it has since more than doubled its numbership. Three objects, which were instrumental in the club's formation, have since been gained. They are as follows: Securing recognition for Hayward as a center of the pigeon raising industry; promotion of the breeding industry; both in the utility and market varities through exhibitions and comparison, and the organization of a sell-ing combination for the squab raiser so that smaller fanciers may receive equal Drices and consideration as that of the larger concerns.

Those who have had a prominent part in making preparations for the exhibition are President C. R. King, vice-president; E. F. Smith, secretary; E. Ruud and the show committeemen; H. Velby, A. G. Curry and W. H. Depew. Vel

Famous Airman □ Drops to Death

Before the horrified eyes of his bride, formerly Miss Sarah de Ucher, known as the most beautiful girl in Paraguay, Silvio A. Pettirossi, South American air-men to meet with sensational disister, fell from a high altitude at La Plata, Argentina, yesterday and was instantly killed, according to cable dis-

patches received from that place.

While little information is contained in the dispatch, it is known that the bird-man whose flights were one of the spectacular features of the closing days of the world's great show, was in a monoplane of the type that caused the death of Lincoln Beachy. Just what actually caused the machine to collapse and drop its intrepid operator upon the "dead leaf" fall, may never be known.
With the exception of Art Smith, who was badly injured in Japan recently, all ance before hundreds of thousands of visitors to San Francisco. Lincoln Beachey, Charles Niles and Silas Christofferson-all have paid the penalty of their efforts to conquor the air. Both Niles and Christofferson met death while trying out military sirplanes.

PLAN OUTLINE Mrs. Henry Flagler to Tell Truth Sunday

NEW YORK, Nov. 3.-Requests for confirmation of the report that Mrs. Henry M. Flagler, widow of one of the founders of the Standard Oil Company, is engaged to marry Judge Robert Worth Bingham of Louisville, Ky., were met today by a statement that Mrs. Flagler had gone o Washington, but would return Sunday, when she will meet Judge Bingham and representatives of the press.

Mrs. Flagler was Miss Mary Lilly Jenan, member of a widely known Southern family of Macon, Ga. She is said to have inherited between sixty and seventy million dollars from her husband, who died in 1913 at Palm Beach, Fla.

Which do you use?

O YOU buy 30-cent coffee?and say, "No doubt I could get better for 10 or 15 cents more a pound. But why should I-my husband is satisfied."

The question is, are you satisfied? His coffee can mean to him merely a hot drink at meal-times; or it can be a real pleasure—something he will look forward to - the cheer-making part of each cheerful meal. Which shall it be? it is for you to say. He takes what you have for him.

But don't let the "economy" bugbear keep you from fine coffee. This may sound surprising, but many women have proved it: fine coffee costs almost the same by the cup as coffees that are cheaper per pound. For instance, Schilling's—its flavor is so rich and so well protected in the vacuum-sealed tins that you use quite a little less to make a cupful.

Authorities Plan Drug Test in Effort to Solve the Mystery That Surrounds Confession of Murder of Wife and Boy

Evidence at Hand Does Not Satisfy District Attorney and He is Not Entirely Certain That Crime Was Committed

LOS ANGELES, Nov. 3.—With the nysterious Benton L. Parrett double nurder case no nearer solution than ie day the aged farmer confessed killing his wife and stepson on their ranch near Santa Monica, both prosecution and defense agreed upon a plan today which may either set Barrett free or place him on trial for

Barrett is to be given the "drug test," if physicians agree he is physically able to stand it. He will be placed under the influence of chloroform or ether for a period of twenty-four hours. As he comes out of the anaesthetic, medical men declare, he will unconsciously recite acts exactly as they happened.

District Attorney Woolwine admitted today that he is far from satisfied with the evidence at hand. He referred to Barrett as a "most lovable old man," declaring it was almost im-possible to listen to his quaint theories

on the hereafter and not doubt his story of the killing.

Both defense attorneys and deputies prosecuting the case agree that a brush fire of two hours' duration seen blazing on the Barrett farm on the night of the murder could not possibly have con-sumed the bodies of Mrs. Barrett and her 17-year-old son, Raymond. Attendants from local crematories support this

Letters in possession of the defense lleged to have been written to Mrs Sarrett from a man in a city or town in 'exas. Barrett's attorneys declare, may result in completely contradicting Ber-reit's confession of the murder. A possible parallel to the Barrett case cited as having occurred near Walia Walia, Wash., some years ago. A cabin was burned and inside were found charred bones. An unfortunate "fid-fler" who had been the last person at the supposed dead man's cabin was found guilty of murder and served seven years in prison before, the dead man was discovered alive.

Gross Tonnage of 3,328,584 Sunk in 27 Months of War.

NEW YORK, Nov. 3.—One thousand eight hundred and twenty merchant ships with an aggregate gross tonnage of ording to figures compiled from The losses during October were larger than for any one of the preceding five months, amounting to 127 vessels of a total of 227,116 tons gross. The October rate of destruction was considerably in excess of monthly average throughout the war period, and British shipping sustained losses nearly equal to these of tained losses nearly equal to those of August and September combined. Nor-way lost the largest number of ships, fifty-six, according to the statistics, but their gross tonnage was only 57,333 as compared with Great Britain's total loss of 115,546 gross tonnage of 38 vessels

A table showing the total shipping losses since the war began estimates those of the entente allies at about 75 per cent and those of neutrals at nearly 18 per cent with Teutonic losses less than 7 per cent.

Two More Vessels to Divert Northern Trade

SAN FRANCISCO, Nov. 3.—Two more vessels were chartered yesterday by the frim of Struthers & Dixon, as a portion of the new freight fleet between this city and Vladivostock, which is being established for the purpose of diverting some of the Puget Sound commercial and shipping business toward the south. The steamers are the Japanese steamers, Fuki Maru and Kotsu Maru, and have a carrying capacity of 5,000 tons each. They will leave here December 10 and 20 respectively on their maiden trips from the United States. This makes four steamers in all that have been chartered for the opening of the new run which will be one of the most important lines touching at San Francisco.

PLANS COMPLETE

Many Novelties to Be Seen in Affair for Settlement Work.

Students of the Merriman school for girls, one of Piedmont's fashionable institutions, were busily decorating and sewing final stitches in handicraft in preparation for the fair they are giving tomorrow, in accordance with their annual custom, for the benefit of the East Oakland settlement.

The bazaar, which will open at 2:30 o'clock and continue until 10 o'clock at night, will occupy most of the lower floor of the school building in Mariposa street. Miss Jewel Gardiner is the chairman of the committee of arrangements, assisted by Miss Grace Zlegenfuss, Miss Florence Bogart, and Miss lda Body.

There will be seven booths, one of

them a delicatessen booth in which the girls of the Merry Stitchers Club of the school will preside, dressed as cooks, as they dispose of home made dainties, Other stalls will include a candy booth, all in chocolate and white to represent a chocolate cream; a green and white fancy work booth; a tea booth in Jap-anese decorations; a blue and white Mitchen hooth. A parcels post and "Santa Claus fish pond" will suggest the coming of Christmas with many greens. Nearly two score young Pledmont girls will take part among them being; Delicatessan Booth, Miss Marylyn Williams, chairman; Miss Sara Reynolds, Miss Fern Upton, Miss Leslie Smith, Miss Pauline Davis, Miss Charlotte Scott, Miss Grace Cooper, Miss Elism Hotal, Miss Vine Lourey, Miss Gertrude

This Nutritious Food Relieves Constipation

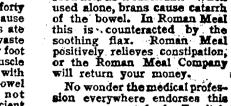

LTOU can choose two ways of relieving constipation the artificial and injurious by means of expensive drugs, and the natural method by means of balanced food. Roman Meal, invented by a physician, not only relieves constipation, but it is a highly nourishing and easily digested food; you never tire of it because you can enjoy it in so many different ways.

Dr. Jackson's Roman Meal

has all the delicious flavor and has all the delicious flavor and nourishing food value of entire berries of wheat (30%), rye (35%), flaxseed (25%) and wheat bran (10%). Flaxseed is three times as nourishing as wheat, rye or oats. It is rendered absolutely tasteless and odorless by electricity.

We have from thirty to forty feet of digestive tube because our ancestors for many ages ate food that contained more waste than nutrition. Man's forty foot digestive tract is mostly muscle which has nothing to do with actual digestion. These bowel muscles positively will not function unless there is sufficient waste in the food to stimulate them to nat-

ural action. Lack of waste means constipation. Meat, white flour and refined cereals have but little waste. Constant use of impoverished foods like white flour and highly refined cereals causes the muscles of the tract to weaken

No wonder the medical profession everywhere endorses this great food. For it is made from the prescription of a phy-sician—a specialist in

The boy's screams came from an opening in the earth two feet wide and three feet long. The policeman yaulted the fence, ran to the opening in the earth and shot down the rays of a pocket electric lamp.

The light brought out the features of the boy whose arms rested on top of a hermetically sealed coffin. At his back was another huge casket and to his left still another. At his feet lay a dozen or more skulls and innumerable bones which had been scattered from a barrel he shattered in his descent. Further away was another barrel, whose top cover in the rays of the light of the policeman's lamp showed more skulls.

Wittenberg you'll to the boy to be calm and soon lowered himself into the hole finding himself in a huge wault of

Judge K. M. Landis 🕆 May Head Court

CHICAGO, Nov. 3.—Trailing on the heels of the report that Garry Herrmann may be forced off the National Commission, comes the suggestion from baseball fans that Judge K. M. Landis of the United States district court here, be made chairman of the high court of baseball. While the judge hasn't been sounded on the proposition and might be unwilling to resign his life time judgeship to jump into the uncertain whirl of baseball politics, he is known to have a decided interest in the national game.

Five club owners in the major leagues, it is stated here, are ready to voe for Judge Landis if the question of changing the personnel of the commission arises. A campaign has been waged since the middle of last summer, it is said, to have the judge placed at the head of the body. James A. Hart, former owner of the Cubs, has also been mentioned.

Angered, Fills Barn With Builet Holes

A fusillade of five shots called a cosse of police from the Northern staion to 925 Sixty-first street last night inder the impression that a murder had been committed. They found Otis L. Sweet, a mechanic, suffering from

a broken nose, and five bullet holes in the side of a barn.

Investigation of the incident disclosed the fact that Sweet had quarreled with his landlady, Mrs. Maud Miller, and become so enraged that he had gone out into the yard and emptied his revolver at the barn, his toe and fell, fracturing his nose. Ie was taken to the Emergency hospital. No arrest was made.

SMALL THEFTS REPORTED. Minor thefts were reported to the police this morning as follows: Richard Cavanaugh, 933 'Apgar street, a watch; Mrs. M. W. BOWLING

The opening game of the San Francisco and Suburhan Howling Association for the season of 1918 and 1917 was played last night on Heroid's Ninth Street alleys, between the Oaks and the Chevrolets, in the A class. The famous Oaks won two out of the three games. Both clubs made nice scores for so early in the season. Donohue carried off the honors for the Oaks with a high score of 233, and an average of 20d 2-3 for the series. Al Shave of the Chevrolets had the high score of the evening, with 253, and an average of 207 fist.

NEW YORK, Nov. 3.—Several years ago the City of New York purchased a pleco of ground at the southeast corner of Second street and Second avenue on which to erect a new Magistrate's Court. There was some hitch in the arrangements after the plot had been cleared for construction and the officials put up a high pleket fence to protect the property from trespassers.

Flowers and weeds suddenly began to apring in all parts of the plot where had stood for an age a small two-story dormer windowed dwelling.

No one had, been seen to enter the plot for many months. Then the inquisitiveness of James Lucia, aged 12, got the better of him. He decided he would vanit the fence and explore among the flowers and weeds, some of them towering above his head. So he got several boys together and proceeded to explore.

Phoenix May Be Rival of Reno OFFERED PEOPLE Proposed Law Will Aid in Divorce

PHOENIX, Ariz., Nov. 3.-Phoenix, the capital of Arizona, may become a second Reno, If a proposed amend-ment to the constitution is adopted by the voters on November 7th. The amendment provides a statuory residence of six months and otherwise break as "having a tooth pulled, and far less painful," as one politician put it.

In addition to the regulation causes which are now on the statute books, the new law provides for a sever-ance of marital relations when either party is insune; when either is abdicted to the use of drugs; incompe-tent; diseased, or "cruel." Attorneys say that these provisions will practically let down the bars and

make it extremely simple to establish a cause of action.

Very little attention is being given the proposed amendment. The newspapers of the state are practically ignoring it and the only time it has been mentioned from the rostrum was at a meeting in Phoenix at which one of the candidates called it the

"fresh chicken" law.
There, is a well organized campaign being waged by hotel men and others in favor of the amendment and the proprietor of one of the leading hotels here is said to have de-clared that with so liberal a statute, aided by the salubrious climate and "many other advantages," Arizona, and especially Phoenix, would soon put Nevada and Reno out of the run-

FRIDAY, NOVEMBER 3, 1916.

A YEAR'S RETROSPECT.

The TRIBUNE today completes its first year under its present management, and is able to ranted nor displeasing.

Upon taking the helm a broad general survey of the field and the situation was made in a brief foreword. It was observed that Oakland and its neighboring communities constitute a district of than has been generally foreseen."

Though this prophecy was prompted by unmistakable augurics and a great faith, the measure of fulfillment realized in a twelvemonth has exceeded all anticipations. Those who are able to gauge the progress with exactness may well be aniazed over the achievements of a year. Commercially Oakland has surpassed all expectations; industrially she has attained a headway in a single year that would have been wonderful as the achievement of five.

The TRIBUNE one year ago declared its intent to foster and further the spirit of progress which was manifest in the community. It came with no catalogue of promises. It announced no program beyond that of being a "helpful and good-tempered newspaper," loyal to its readers and earnest in its endeavors to promote the well-being of Greater Oakland and Alameda county.

How well it has kept this aim in view we are willing to leave to public judgment. Realizing that progress depends in very great measure on unanimity of effort, it has discouraged contention and strife. It held that "the issues that divide good citizens are often trivial in the light of subsequent events." In acting upon this idea it feels that it has been a factor in the splendid progress that has been made.

It is with great satisfaction that The TRIB-UNE is able to show progress as a newspaper enterprise fully in keeping with that attained by the community in general. The year has been one of the most satisfactory in its career of more than four decades. As Oakland has taken great strides industrially and commercially, so The TRIBUNE has kept pace as its champion, taking attested by the support and favor which it has enjoyed.

Presaging the future by the progress of the past year, there is little danger of over-estimating the prospects. Magnificent as the last year's reequips it to assist in the onward march.

Your letter of June 16th contains a very proper challenge. I quite agree that I ought not to make the statements I did make about the trades unions. unless I were able to cite cases in verification of my statements.

I, of course, had no individual trades unions in mind which I can name by number, but I had in mind several cases of buildings in New York City, for example, the bricklayers working on which spent about one-third of the working day sitting around, smoking their pipes and chatting, because they had laid the number of bricks to which they were limited for the day by the union to which they belonged. I had in mind numerous experiences of my own in dealing with workingmen in Princeton, where I once found it impossible, for example, on a very cold evening to get a broken wind we pane mended at the could not venture, without risking a strike, to do the work himself and could not order any of his workmen to do it. I had in mind scores of instances, in short, lying within my own experience and resting upon the testimony of friends in whose veracity I have every reason to have the greatest confidence.

I of course could not, in the case of more than one or two of these instances, give legal proof of my assertions, but the evidences I have are entirely sufficient to convince me of the general truth of the

Youths Emulate Deadwood Dick and Heroes of Dime Novels, But Come to Grief When Policeman Gets Them

Use Huge Knife to Cut Screens Away and Pry Open Windows and Doors; Steal Tobacco and Candies in Escapades

SAN FRANCISCO, Nov. 3.- Daredevil Dick" and "Deadwood Harry," disciples of dime novel adventures and heroes of ten desperate escapades, came to grief shortly after 3 o'clock this morning, when two blue-coated interveners seized them as they were making their way, pussy-foot fashion, from the scene of their final "crime." Francis Ward, 18 years old, of 536 Brazil avenue, and Thomas Everding, 15, of 81 Mansfeld street, imitating their favorite heroes of the "blood curdling" series and imagining themselves playing their favorite roles finally fell into the dlutches of the law after many a hairbreadth escape, and are now at the Detention Home. They have tearfully confessed to no

less than ten burglaries.
Everding, the older and leader, peronally conducted all of the raids on nearby stores and acted alone in four of them. The loot obtained was in the aggregate small, but was, nevertheless, of the sort which ntaurally appealed to the would-be heroes.

USED LARGE KNIFE. This morning, with their pockets ngling with pennies and their fists stuffed with gum and candles and cigarettes and tobacco, the boys were pounced upon as they sidled out of the doorway of the drug store of Dr. Alex-ander Raymond, 4850 Mission street. Their only weapon was a large pen-knife. This, however, had been the means of their entrance to all the places rifled. With it they had unfastened the latch on the rear win-dow of the drug store and had cut away the screen. After they had been taken to the Ingleside police station they broke down and admitted their thefts. They told the story of their desire to follow in the pathway of some of their story-book types, MANY PLACES ENTERED.

The places entered by the two boys, all on October 31, included the follow an on October 31, included the following: Harvy F. Smith, grocery, 5796 Mission street; Attillo Letora, butcher shop, 4760 Mission street; Charles E. MORGAN HILL, Nov. 3.—A serious accident occurred on the Monterey road near here Wednesday evening, when an auto driven by Alfred Carlton of Walnut Creek, collided with a buggy in which were riding W. H. Headley and his two children of Morgan Hill. Carlton was the most seriously injured. After he reached the home of Dr. Miller, where he was taken immediately after the accident it was found that he had suffered a hroken rib and several lacerations about the head. Upon investigation Traffic Officer Margason said that the accident was due to the occupants of the buggy not displaying the proper lights. The buggy was struck by the auto from the rear.

SIMUL/TANEOUS REPORTS.
The TRIBUNE has made arrangenents to receive and tabulate election returns by an elaborate system that will make possible the fastest possible service from all parts of the United States on the presidential contest, together with the most comlete and speedy returns on the state ight over amendments Nos. 1 and 2

As fast as these returns are transmitted to The TRIBUNE office they will be duplicated in short bulletins manifolded to obtain eight good copies. These will be placed in the hands of trained men at telephones communicating with the City Hall Plaza projector for the big screen and with the other TRIBUNE election service stations in Berkeley, Alation service stations in Berkeley, Ala meda, Livermore and in the theaters. The seven or eight messages will be sent out over the telephone wires simultaneously. This will be the result:

As the lorowds assembled in

San Pablo avenue and around the City Hall Plaza cheer the gains of some favorite candidate or measure, crowds in front of the Berkeley and Alameda offices and the Herald office in Livermore will voice their approval at the same moment. Simultaneously in the four theaters served by The TRIBUNE the audience. will express their gratification over the same news bulletin.

SERVICE COMPLETE.

The TRIBUNE is the only news

paper in the east bay cities served by both the Associated Press and the United Press, the two greatest news gathering agencies in America. These two associations have perfected complex organizations, with ramifications the continent and from the Great Lakes to the gulf, to gather the news of this election. Their wires reach into every ward in Their wires reach into every ward in the great metropolis of New York. But they enter no less into the little hamlets and villages scattered through the great expanse of the Middle West, or the plateau land between the Sierra Nevada and the Rockies. Through these services the news of the election will be gathered and the result of the contest made

known.

To gather the returns on the local contests The TRIBUNE has made complete preparations in Alameda county and has concluded agreements with election return services in out ying towns and in the main California centers of population.

ENTERTAINMENT ALSO.

The service prepared by this newspaper will be the most comprehensive ever given in the bay region.
The arrangements for Tuesday night include a great open air entertain-ment at the City Hall Plaza, including a concert by a fifty-piece brass band, open air vaudeville and a motion picture show, at which, ex-clusively for election night, The TRIBUNE will present the Universal ictorial News and the Mutual Pictorial News. Governor Hiram W. Johnson told an audience of more than 2000 men and women gathered in the Mac-donough theater last night his personal and political opinions of Charles Evans Hughes, Republican candidate for President. When he had finished his address of more than an hour's duration, throughout which time he was appleuded roundly, it was apparent that those present had re-ceived his message of Republicanism, "Americanism" as he said, in a mood that betokens the response to, be

Roosevelt Scorns Evasions of Wilson

ABOARD ROOSEVELT'S TRAIN. BUFFALO, N. Y., Nov. 8 .- Colonel Roosevelt today promised "an entirely new speech with a kick in it" when he appears at Cooper Union in New York tonight. His theme will be Americanism with a heretofore untouched angle. As usual, he will prefere his prepared address with preface his prepared address with more verbal flings at President Wilson's foreign and Mexican policies and at his "fine words."

He had prepared a speech on Americanism and industrialism for Cleveland last night where he spoke

to 6000 at the armory and to 3000 more who gathered in the rotunda of the city hall as an overflow, but the speech of President Wilson at Buffalo Wednesday swung him into an in-troductory extemporaneous talk that took up most of his time at the former place. He used most of his industrial topic at the city hall over-

flow.
At the armory meeting Roosevelt was particularly denunciatory in his criticism of President Wilson, W. J. Bryan and Secretary Baker. He scored the president for "speaking of me always in the evasive third person plural."
"Why doesn't he name me," he declared in his falsetto. "Is he too

time, he said:
REASONS FOR SELECTION. California is the land of promise to the people over the sea, and to California will come more than to any other state prob-lems of magnitude. I have nothing of hostility to any man or nation on the face of the earth, but having read events of the past two years and witnessed the cataclysm on every hand; of see-ing our island neighbor take over a great expanse of country; with our knowledge of the Russian-Japanese treaty, if these

things have made no impression upon us, then, my friends, it is time to awake. The greatest evil for a nation is for it to submit to wrong and dishonor. Let us not sing the swan song of too late, too late. Let us not be aggressors in hostility, but let us understand that alert and vigilant we must be to protect our people under all circumstances when wantonly outraged or wronged. In this we appeal to you in the spirit of Americanism. It is greater than this campaign or any campaign.

VOTE NO on Single Tax

Amendment No. 5

Don't let California be the "GOAT" for the alien propagandists, who would foist upon this State an experiment that has failed elsewhere.

Single Tax would ruin the small home owner and

Single Tax would exempt from taxation Everything but land and saddle the entire tax burden of the State upon land only.

Single Tax would relieve from taxation \$1,629,-324,487 worth of property in California, which now pays its just share of taxes, and force those taxes upon the owners of \$1,951,560,919 worth of real estate, practically doubling their tax burden.

Single Tax would force the Tax Rate of Oakland to \$7.00 on the \$100 valuation, a tax rate of \$6.00 per \$100 valuation for Berkeley, Alameda, San Leandro, Hayward, Livermore and Pleasanton, and \$3.50 for all farm lands of Alameda County.

Single Tax frankly seeks to destroy land values -the very thing upon which California's prosperity is based. Its adoption would result in immediate business chaos, force the calling of loans secured by real estate, destroy the intricate credit system on which all business is founded—wreck thousands of industrial -commercial and financial enterprises, throw many thousands of workers out of employment and force a business depression from which this State could not recover for many years.

Single Tax, if adopted, would frighten a way every dollar of outside capital now seeking investment here, and on which so much of California's future welfare depends, and make this State a laughing stock in the eyes of the world.

Don't let California be the "GOAT" for alien visionaries, who would try out their costly experiments at her expense.

NEW YORK, Nov. 3.—The will of Mrs.

Marie Zinsser, mother of Dr. Hans Zinsser of Columbia University, was filed in the Surrogate's Court for probate and contained the novel provision of \$10,000 for each granddaughter who could learn to cook a meal under certain conditions.

The will discloses that one of the testator's four granddaughters had received her \$10,000, presumably because she had learned to cook a satisfactory meal. The granddaughter is Miss Ellon Zinsser.

The three other young women who are to get \$10,000 each provided they learn to cook properly are Miss Peggy Zinsser, a student at Smith College; Miss Helen Zinsser of Rryn Mawr College, and Miss Margaret Zinsser, who lives with her father here.

Barker also advised the Board tha

the playground funds in the care of the educational department should be expended under the supervision of George E Dickle, recreation superintendent the city. This money is used in the maintenance of school playgrounds. Barker will make further investigation of the matter, and report to the board at its next meeting.

Runaway Horse in Store Wrecks Place

TALLAHASSE, Fla., Nov. 3.—A horse becoming frightened here ran amuck into the store of the Carrett Drug Company, completely demolishing a large circular cigar case in the front of the store; then, having become disentangled from the wagon, dashed headlong through a narrow nisle of tables into a large mirror which covered the front of the prescription case. The animal was thrown backwerd, falling on a small serving table.

Dr. Garrett, the proprietor, who was directly behind the prescription case, was thrown ten feet by the impact.

Betts, the popular young soda dispenser, was near the entrance, and seeing the horse coming immediately retired through the rear exit. The horse sustained only a few bruises. TALLAHASSE, Fla., Nov. 3 .-- A horse

Houses in Residence Section Used As the Headquarters of Men Believed to Be Members of Coast's Biggest Drug Ring

SACRAMENTO, Nov. 3. - Seven deputy sheriffs and two representatives of the state pharmacy board swooped down today on a ring of oplum dens in this city, said to have been operated by Sim Powell, for whom the authorities have been searching for two years. Powell and a companion were arrested at 9 o'clock in what was supposed to be a vacant house in the residence section

In the raid on a house at 330 Eleventh street almost a wagonload of opium, bunks, pipes and other paraphernalia was found. Powell, the pharmacy board representatives alleged, also was running two other

places in the residence section.

The man arrested with Powell gave the name of William Jasper. According to Attorney Lee Gebhardt of the pharmacy board, evidence was secured some time ago that Powell was operating in Sacramento. Residents in the vicinity of the three apparently vacant houses that are alleged to have been used as opium dens began to notice the frequent visits to the places and this led to an investigation.

Little, Taylor, Ryan, Dunning, Sked, Wood and Caulfield went to the place on Eleventh street at 7 o'clock this morning. About 9 o'clock Powell and Jasper put in an appearance. They were arrested and the place was

Police Tracing Sales of Drug

"Gas Bomb" Ingredient to Be Arrest Clews

SAN FRANCISCO, Nov. 3.—With the discovery on the part of the police that elixir of Ammonium Valerinate is the chief ammunition for the making of bombs, all persons having this preparation in their possession will be subject to suspicion and liable to arrest. Not that the elixir is of the nature of an explosive or has any of the properties of gun-powder. Far from it. The elixir is of an odoriferous character. It is the chief ingredient for the foul smelling hombs which have been ex-ploded in downtown restaurants, cases and caseterias to the undoing of the proprietors and the immediate cleaning out of the establishments.

Today a kan was placed on Elixir f Ammonium by Chief of Police White, Druggists were asked to obtain the names and addresses of those purchasing this and to furnish description of those who have bought it during recent weeks. So strong is the elixir that caustle, the only preparation which will efface its leavings, is almost at a premium in the downtown district. Repeated applications of caustic are necessary to destroy the last effect of the sub-stance which is so offensive to the nostrils that it permeates entire buildings after it has been exposed in a single room.

hold the Schafhirt Roofless Teeth as firm as a rock in the mouth. I have proved conclusively that the logical place for suction is on the soft ridge or gum and not on the roof of the mouth. My way leaves the roof of the mouth free as nature intended.

The plate you made for me without a roof is as firm as a rock in my mouth and gives as good service as my natural teeth did. It is a pleasure to eat now, as I can chew anything.
When I first saw a picture of the teeth in one of

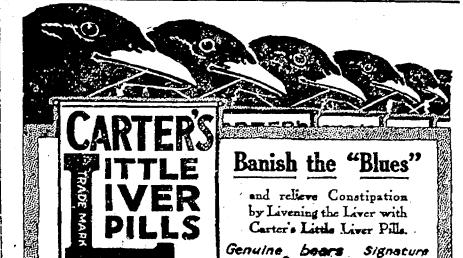

your "ads" I could not see how three little suctions could hold a plate in my mouth so tight that I could eat and talk comfortably, but they certainly do and leave the whole roof of my mouth free. I am telling all my friends about this wonderful invention, Yours gratefully,

SACRAMENTO, Nov. 3.-A report, startling in itself and in the possibilities of action which might follow its announcement, has been made by Ed A. Brown, inspector for the State lumingration and Housing Commission, in which he objects to present sanitary and social conditions existing on rice ranches in conditions existing on rice ranches in many cases live better and are laborers to manufacturing the existing conditions from, who leaves for the rice fields today, declares he will cause arrests and prosecutions to be made.

According to Brown, Japanese laborers in many cases live better and are bounded.

in many cases live better and are housed in superior structures to those assigned Anorican workers. No attention is paid to sanitation on many farms, he says, and a score of workers, sleeping together in a bunkhouse, is the prevailing con-dition. While no definite count has been made, Brown estimates the number of ice workers in the superior California ields as 1,000, both men and women. The harvest of the rice crop is not under way, lasting until the latter part of this month. Ranch owners will be required to clean up bunkhouses, lava-tories, kitchens and living conditions in The housing and social coudi tion on some bean ranches in Sacramento, Sutter, Yuha, Colusa and Yolo coun-

BERKELEY, Nov. 3.—When Edward I. Berg leaped from his bed to answer a telephone cail at an early hour this morning, the voice of his brother, Frank A. Berg, deputy coroner, came in agitated tones out of the receiver.

"Ed, rush quick to 422 Eleventh street in Oakland and get the nurse from there as soon as you can."

In view of the sequel, the birth of a daughter today to Mrs. Berg, the county official was in a measure for givenble for his error.

His brother took the order in good faith as to its accuracy. In an automobile that fractured every speed limit law ever written in the statute books he dashed through the dark streets into Oakland, brought up at 422 Eleventh street and was astounded to run into the closed and locked doors of a saloon. It looked like the last possible place to find a nurse. In dismay, Lerg turned to the right and left, awoke the sleeps in half a dozen neighboring flats and lodging houses and received only angry denials at each of the presence of any nurse in the district.

Almost despairing, Berg finally found a telephone that had not elosed for the night, called the deputy coroner and shouted for information.

"That must be the place," was the "That must be the place," was the only suggestion. "I went there and talked to her myself two days ago."
"You did not. There's no nurse at 422 Eleventh sfreet," retorted his

BERKELEY, Nov. 3.—Given time, the Argentine ant, a pest of recent naturalization in this section, will displace the commoner variety entirely in the opinion of Professor C. W. Chamber of Commerce Will Be Represented at Meeting in S. F. Monday.

BERKELEY. Nov. 3.—The Berkeley Chamber of Commerce has eccepted the invitation of the San Francisco Chamber of Commerce to attend a conference in the San Francisco Chamber of Commerce rooms next Monday, at 3 o'clock, to consider the best methods of presenting the claims of San Francisco bay as a logical place for a naval base. The call for the conference says that the commission on navy yards and naval stations, recently appointed by the President and the Secretary of the Navy, will visit this region the latter part of this month to, make proficial inspection of the various sixes suggested, and asks that all communities having sites to recommend send representatives to next Monday's meeting.

President E. F. Louideck of the Eerkeley Chamber of Commerce said:

We appreciate the action of the San Francisco Chamber of Commerce and welcome the idea that each city shall offer its arguments for the site which it considers best, leaving the final decision to the commission. That is the attitude which Berkeley has taken from the beginning of this discussion. We all believe that the Berkeley-Albany-Richmond site is the very best that can be found on San Francisco bay, and will try to present what we consider strong reasons in support of that claim, and if we actually have the hest site we expect to get the décision, but if it be found that some other site will be more useful to the Navy Department and the nation, then we shall cheerfully acquiesce in its selection. The New York Boxing Commission made themselves a laughing stock in insisting that Bob Moha and Charley Weinert be paid \$250 each when the hout in which they were expected to take part was called on by Promoter "Jeems" Johnston: The "commish" said they were entitled to this dough for training expenses. Get the "entitled." For that many simoleons, Moha and Weinert would be willing to battle ten rounds in a real scrap. And why the mighty "commish" should plaster \$250 training expenses for each on the promoters seems strange. Hugh Fullerton's sensational baseball serial, "The Whispering Ball," starts in the sporting section of Sunday's TRIBUNE, and will run every day until the conclusion.

This story will arouse more discussion than the world's series, for it suggests what might barnen if it suggests what might happen if the cold hand of science was to be applied to the national game by unscrupulous gamblers.

Fullerton is a master writer, and the world's greatest baseball expert. "The Whispering Ball" is an extraordinary story. You cannot afford to miss it.

on Ewing Field

Coach Floyd Brown led his aggregation of Card rugbyists to Ewing Field, San Francisco, today, where his charges will meet the University of Santa Clara team on November 11. The Saints practiced on the field yesterday, and Brown sent his men through practically the same stunts.

Coach Brown, Behrens, Trainer Reynolds and twenty-six of his players left Stanford at noon today and were on the scene at Ewing Field at 2 o'clock.

Six members of the Stanford squad are on the Injured list and Card fans are worried. Joe Braden is still suffering from his bad knee, while Wilkins and Charlle Long have the same ailment. Frank Walker, halfback, and Winham, breakawit, have sustained bad shoulders while Otto Lachmund's side is still bothering him.

Stanford plays the Olympic Club in a hot game tomorrow, with the second varsity pitted. against the Palo Alto Athletic Club.

Ritchie Listens to Rattle of the Coin

Johnny Gratton of San Diego will confer in Los Angeles today with Willie Rijchle regarding a proposed bout with Freddie Welsh at Tia Juana. Ritchie, who is en route to El Paso, where he is to box Johnny McCarthy next week, declares he is willing to meet the light-weight champion. He also says he is willing to help the promoters raise the \$26,000 Welsh has demanded for such a battle. Before leaving here Ritchie said lie would enter a twenty-round scrap, but would prefer a 45-round affair.

NEW YORK, Nov. 3.-Elmer Oliphant, that enterprising young man who is learning how to be a United States army officer as a side line to his football studies, will be swathed in the calcium again tomorrow afternoon when the Army "tank" is turned loose against the roaring fresh Westerners from Indiana, Notre Dame. The South Bend school is going all the way to West Point to try to batter out another victory over the Army, and the majority of critics expect they will do it, Oliphant or no Oliphant.

That is the East's only big game, All the rest of the important sensors of the section will be taking on opponents who should prove comparatively easy. U. C. Track Men Will Work Up Interest in City's First Indoor Meet.

The Alameda County Athletic Association has decided upon a program of seventeen events for the first indoor public school, meet, of Alameda county, which will be held at the Oakland Auditorium Saturday evening, November 25. Professor G. H. Pfund, head of the physical training department of the Oakland schools, who is one of the organization's most active workers, is putting in considerable time in preparing the Oakland boys for their various events, while over in Alameda Professor Otto Rittler has many active teams in training. W. L. Seawright will handle the Berkeley team. The University of Callfornia has been asked to send a humber of its track men out among the schools and give the youngsters their best advice. These athletes will not under the direction of Walter Christie, the university coach.

Butty blanks were distributed to all the schools this week by Secretary Jay B. Nash, the following classes and events having been decided upon: 70-pound class, 40-yard dash, and 150-yard relay for four boys.

County Prep Players to Meet Stockton

A picked Alameda county rugby toam will journey to Stockton tomorrow to lineup against the championship Stockton team of that section. The players who will make the trip have been chosen from the five local schools, though a majority of the members are Berkeley high schoolers.

Herkeley plays Stockton soon and tomorrow's gaine should enable the county champs to give Amos Elliott's crew a good "once-over."

Del Monte to Stage An Open Golf Tourney

The open golf championship of California will be decided on the links of the Del Monte Golf and Country Club this month. The committee has decided to make the competition a medal play tournament over 72 holes and the play will last from November 20 to 22.

All the leading professionals of the state will enter and some of the best of the amateurs have decided to take a chance of annexing the title.

Captain Dan Killman of the Schooner

STEAMER UNIMAK
HOME FROM ALASKA.
After a long passage of 10 days from Karluk, Alaska, the steamer Unimak arrived home today, and tled up at the Alaska Packers' shipyard in Oakland harbor. She is the last of the salmon flect to reach this port this season, Captain Magnus Hansen was in command, during the six months she has been away, ald reports foggy weather and heavy seas all the way home. She will remain in East Oakland until next April, before again

IAQUA MAKES FIRST
LUMBER VOYAGE.

Making her first voyage as a lumber carrier, for nearly three years, the steam-schooner Iaqua arrived here today from Columbia river with a cargo of 550,000 feet of lumber, under command of Captain Sorensen. Three years ago the steamer Iaqua was purchased by the Union Iron Works, who converted her into a wrecking craft.

With 3162 tons of coal and 19,000 feet of lumber the Barge Acapulco, arrived in Oakland harbor this morning and docked at the Western Fuel Bunkers, Captain Chas. Hall is in command and reports foggy weather all the passage down the coast. She comes from Nanalmo, B. C., and is the only vessel now run by the Western Fuel Company.

Bringing 32,575 cases of canned pine-apple from Honolulu, the steamer Wil-mington, Captain Oleson, arrived at the new city dock, foot of Clay street, Oak-land. She left here with 1,250,000 feet of lumber for the Islands, and made the round trip inside of thirty days. After her cargo is discharged she will sail for Port Angeles, on Puget Sound, for a cargo of lumber for the Sunset Lumber Company, Oakland.

CHANGE OF MASTER
AT CUSTOM HOUSE.
Change of masters registered at United States Custom House.
Captain George W. Krebs, steamer Dora; Captain John Alwen, steamer Admiral Dewey; Captain, C. T. Allen, steamer Columbia; Captain John J. Silva, steamer Yosemite; Captain John Ferem, schooner Ethel Zane.

Steamer Columbia, Captain Alien, arrived in port from Tacoma, bound for South America. She had 700 tons of wheat for the Sperry Flour Company. The Columbia was built for the Wilson Brothers, and before completion was soid to the Hammond Lumber Company, who later sold her at a profit to the Globe Milling Company. She is now chartered to G. G. Grace and Company.

SAN FRANCISCO, Nov. 3.—The usual breadth of the local securities' market featured today's early dealings on the local exchange. The majority of sales, however, comprise only small lots. S. P. refd. 4s led in the bond department with 8000 changing hands and Associated Oil had the distinction of being the most active of the stocks, with sales aggregating 220 shares. The latter issue recovered from yesterday's slump, opening an eighth higher at 56 % and later selling up an additional fraction.

Natomas Pfd. strengthened to 14 and was in demand at this level. Hawaiian Commercial, Hutchinson and Honokaa were the only active sugar securities, all selling at firm figures. A sale of California Fruit Canners was recorded at a steady price and Pacific Gas and Electric sold unchanged at 58 ½, while the first proferred stock advanced a quarter of a point. Spring Valley Water dropped half a point, while transactions in Bank of California and Melacker. Bed were made at firm flowers.

The Nuckabout Overcoat more than takes the place of both coats and serves its purpose better—made of heavy overcoatings and in a variety of weaves, colors and fabrics that possess all the style, character and expression of the prevailing overcoat models.

By leaving out the linings, which are unnecessary—the Nockabout is stripped of some of its cost, but not of its comfort or warmth, style or service.

As an overcoat for cold and stormy days it can not be beaten and it is equally appropriate at the club, theater, the dance or social function. Low in cost, excellent in service, dependable in quality, it offers more in the way of style, service, comfort and convenience than any other garment selling at the same price.
